Head Numerologist Crack + License Code & Keygen Free Download

Turn the tides of your life with the help of a human advisor, Head Numerologist. If you are searching for love, career, prosperity, luck, protection, money or perfection, Head Numerologist can help you find the answers. Head Numerologist is a Windows application that helps you find out details about your personality, merits, important years of your life, career, and health prospects based on numerology predictions. Personal information including name, sex, date of birth, location, and type is used to get predictions. You can add your own information to the database, customize the results, print them, filter the list, export, or search via the Internet. You can use the utility to learn about your strengths, generate favorable names and numbers, and perform astrological calculations. Data provided includes sun sign, compound, place, lucky colors and gemstones, lucky dates, as well as name and place compatibility with birth number. Head Numerologist also provides a powerful database you can search in various ways such as via name, birth date or birth number, and enter your own data. Last but not least, the application allows you to find lost objects, tell a lucky lottery number, and create reports. You can choose among different number types, including Chaldean, Pythagorean and Kabbalah. On top of that, you can alter the date type, set the number of lines per page, configure an external editor, and use a custom onscreen keyboard. Detailed instructions, information, and FAQ (15 pages) are available to help you get started. Additional features include: - nine basic numerology functions: set name and birth date, predict name, birth number, name and birth date compatibility, name and location compatibility, name and astrological sign compatibility, name and birth number compatibility, name and place compatibility, and name compatibility with date of birth - print reports and perform searches, export to text or CSV format, filter results, and export to spreadsheet or text file - save to external database, search and import from external database (use a CSV or text file), print data - create reports in PDF, HTML, text, or CSV format - search for lost objects - tell a lucky lottery number - get daily, monthly or yearly predictions - search for names starting with a given letter - customize reports to your preferences - customize the number of lines per page (3, 5, 10, 20, 40, 50, 100, 200)

Head Numerologist Screenshots: Head Numerologist Comments: In a world of the convenience of the internet, Head Numerologist is a very useful tool for keeping track of your current circumstances and those that concern the future. It's an easily used program that brings together a lot of aspects of astrology, including sun signs, lucky numbers, lucky days, and various gems and gemstones. To find out what is going on with your life, just enter some details and get a short report about what you're dealing with at the moment. The graphics are basic, but the information is presented in a manner that helps make sense of it all, making it a useful tool, even for those who aren't very familiar with astrology. The only downside to Head Numerologist is the simplistic GUI. While it is helpful for some, it is not interactive enough for those who would want to have a more immediate experience with the program. When you're dealing with a very personal tool, the graphical user interface should be more interactive. Final words All things considered, Head Numerologist packs only a few numerology features for helping you get details about your strengths, generate favorable names and numbers, and learn about career and love compatibilities. On the downside, the text-based GUI, which can be controlled only with your keyboard, is difficult to work with, especially if you are a less experienced user. The prediction functions are not highly intuitive so you
